Online Examination (Language :- Java, JSP ,Servlet.HTML, CSS & javascript)

Web based Examination System .Online Examination System is a technology-driven way to simplify examination activities like defining exam patterns with question banks, defining exam timer, objective/ subjective question sections, conducting exams using the computer or mobile devices in a paperless manner. Online Examination System is a cost-effective, scalable way to convert traditional pen and paper-based exams to online and paperless mode.

Candidates can appear for the exam using any desktop laptop, or mobile device with a browser. Exam results can be generated instantly for the objective type of questions.

It can simplify overall examination management and result in generation activity.
